

ALL ATTENTION TURNS TO CITY OF MEXICO

REFUGEES SAY CAPITAL IS SUR- CHARGED WITH APPREHENSION

Outside World Knows Little of
What is Going on Inside City—
Huerta's Fighting Force is Es-
timated at 3,000 Men With no
Great Supply of Ammunition—
Will Destroy City Before He De-
parts?

BULLETIN.

NEW YORK, May 10.—Richard
Harding Davis, author and war cor-
respondent who was sent by the
New York Tribune to Mexico as
its war correspondent, is under ar-
rest in Mexico City, according to a
despatch published in the Tribune
today.

Medill McCormick of Chicago, al-
so is under arrest in Mexico City,
according to the same despatch.

The message says Brig. Gen.
Funston at Vera Cruz has received
information that two correspon-
dents have been taken into custody.

BULLETIN.

WASHINGTON, May 10.—At
1:45 o'clock this morning acting
Secretary of the Navy Roosevelt in-
structed Rear-Admiral Mayo to re-
move all Americans from Tampico
and vicinity because of the danger
from the impending attack upon the
city by the constitutional forces.

He was ordered to advise the American
consular force there to co-
operate with him.

BULLETIN.

WASHINGTON, May 9.—Rear-
Admiral Mayo at Tampico reported
late tonight that the constitutional
forces were preparing to make a de-
spite effort to capture that port
at once from the Mexican federal
troops.

VERA CRUZ, May 9.—All atten-
tion on the main situation has turned
to conditions in Mexico City,
where the next scene in the inter-
national drama is looked for.

The outside world knows little of
what is going on there. It is im-
possible for any correspondent in
the capital to send any but a closely
censored report. Those from the
outside who venture into the city
see evidences of such a tense situa-
tion that they do not think it safe
to remain long and can make only
cursor observations. Refugees ar-
riving here today, and foreigners
who have ventured to penetrate the
city's stronghold, describe the
capital as surcharged with intense
apprehension and despite Huerta's
apparent confidence there are signs
of intrigues and ambitions with
which caution is boiling. To those
who bring to the world a true pic-
ture of conditions there, the capital
is practically a forbidden city.

All Public Buildings Mined.

One traveler who returned today
declared that Louis Dantin, the only
American remaining at the em-
bassy, when Charge d'Affaires
and a staff departed, had been
seized by agents of Huerta and was
in danger of execution when the
British minister, Sir Lionel Carden,
interfered and obtained his release,
giving him protection in the British
legation. The arrest of Walter C.
Whiffen, correspondent of The As-
sociated Press and a Washington
been taken as an added evidence of
ton and their detention, while two
Englishmen who were arrested with
them were promptly released, has
traps outside and there make his
Huerta's determination to take the
most extreme measures before per-
mitting the rebels to acquire pos-
session of the capital. In this con-
nection various reports are current
ranging from threats to force an
outside conflict to a fairly well au-
thenticated report that he has mined
the national palace, the postoffice,
the department of communications,
and other public buildings. One man
who has been residing in Mexico
City estimates Huerta's forces there
as probably not more than 3,000
with no great supply of artillery and
ammunition. The troops about him
however, are described as the flower
of the army.

The Spanish minister is reported
to have called on President Huerta
a few days ago and to have
urged him not to subject the city to
a bombardment, but to lead his
troops outside and these make his
stand, Huerta, according to this
report, protested, but the Spanish
minister is said to have insisted
that unless he consented the minister
would demand his passports.

Huerta finally agreed but reserved
the right to retreat to the capital.
Trains from the north are said to
be bringing into the capital almost
every day large numbers of wound-
ed. The hospitals are crowded and
it is asserted here that the wounded
are being badly cared for chiefly
on account of the scarcity of medi-
cal supplies. Many who have resided
in the capital are convinced that
Huerta will not attempt to leave
that city, at least not until after he
has made a last desperate effort.

They credit the report that he in-
tends to destroy the city before his
departure, explaining that the man
is of the opinion that he is the only
one capable of directing the govern-
ment and that he has become prac-
tically irresponsible.

Outrages Continue.

From the interior and isolated
points report of attacks and out-
rages on Americans continue to
trickle through the lines although
no first hand accounts have yet
been brought in. All travelers
coming down from the capital are

ing \$2,701,327 for Pay and Ex-
pense of Troops Now at Vera Cruz

congress was submitted today when
the house received estimates aggregat-

transportation and engineering work
for the troops now at Vera Cruz
and on the Mexican border.

The memorandum briefly says:
"that the necessity for these defi-
ciency estimates could not have been
foreseen when previous estimates
were submitted."

There is no reference to army

GOULD FAMILY COUNCIL DEVELOPS NO DEFINITE RESULTS

It is Thought Bankers May Be In-
duced to Reconsider Their Refus-
al to Finance Notes.

New York, May 9.—A Gould fam-
ily council proceeded the special
meeting of the Missouri Pacific rail-
way directors today at which ways
and means of financing the prop-
erty, particularly the twenty five
million dollar three-year notes, ex-
piring June 1st, were further dis-
cussed without definite result. One
of the chief participants in the coun-
cil was Mrs. Finley J. Shepard
(Helen Gould) who is supposed to
hold a considerable amount of the
maturing notes, and whose husband
is one of the chief operating offi-
cials of the Gould system.

It was gathered after the meet-
ing that Kuhn, Loeb & Co., might
be induced to reconsider their re-
fusal to take up the financing of
the notes.

It is understood that the bankers,
if they agree to finance Missouri
Pacific, will probably insist that
all earnings for the next five years
be put back into the property for
purpose of rehabilitation.

FREE DISTRIBUTION OF SEEDS STRICKEN

Washington, May 9.—Provision
for free distribution of seeds was
stricken from the agricultural ap-
propriation bill by the senate to-
day after a vigorous debate. Sen-
ator Kenyon said he thought the
farmers of this country objected to
the sending of seeds to them by
congressmen as a "cheap attempt
to curry favor." The action was
denounced as false economy by
Senator Warren.

Advocates of seeds distribution
expect the provision to be put back
into the measure at the conference.

FOOD MANUFACTURER COMMITTS SUICIDE

CHARLES W. POST SHOOT HIMSELF WHILE TEMPORARILY INSANE

Verdict of Coroner's Jury Holds
Simply That Post Died From Ef-
fects of Gunshot Wound.—Had
Suffered Ill Health For Some
Time.

SANTA BARBARA, Cal., May 9.
Charles W. Post, wealthy cereal
food manufacturer of Battle Creek,
Mich., today shot himself to death
with a rifle while temporarily in-
sane, according to the testimony
of his physicians offered at the in-
quest, held shortly after the tragedy.
The verdict of the coroner's
jury was non-committal, holding
simply that Mr. Post died from the
effects of a gunshot wound.

Mr. Post had suffered ill-health
for some time. Recently he made a
hurried trip to Rochester, Minn., to
undergo a major operation to save
his life. He had been in a nervous
state since his return to California.
He had fought against an inclina-
tion to suicide for some time, ac-
cording to the testimony given at
the inquest today by Mrs. Ella Ben-
son, his nurse.

The nurse said that Mr. Post had
had a horror of a gun of any kind
for several weeks. He had request-
ed that firearms be removed from
the house and it was thought that
the Post home was free of weapons.

Today Mr. Post asked the nurse
to leave him alone for a short time.
She reluctantly complied. In a few
minutes a rifle shot was heard. On
entering the room, the nurse found
Mr. Post on the bed with a rifle.
The position of the body and the
weapon indicated that the man had
placed the muzzle in his mouth and
pulled the trigger with his foot.
Death was instantaneous.

Mrs. Post Away From Home.

Mr. Post discussed his private
financial affairs with his wife today
and at his request Mrs. Post went
down town to transact some business
for him. It was while she was away
that he shot himself.

Mrs. Post was found and notified.
She bore up well under the shock.

Miss Benson, the nurse, had been
with Mr. Post since the time of his
operation at Rochester. She says
he was always rational except for
occasional periods of extreme nerv-
ousness and then he appeared only
to lose control of his nerves.

"My mind is perfectly clear, but I
cannot control my nerves," he com-
plained to the nurse and friends
here.

In the last few weeks Mr. Post
has been buying real estate adjoin-
ing his home here and laying plans
to build a new residence.

Charles W. Post was one of the
founders of the so-called health food
industry at Battle Creek, Mich. His
business interests there for the man-
ufacturing of breakfast foods repre-
sented millions of dollars. Although
Mr. Post's office address was in Bat-
tle Creek he had maintained a resi-
dence in Washington, D. C., for sev-
eral years.

Was Born in Springfield.

Mr. Post was born in Springfield,
Ills., in 1854. He engaged in the
hardware and other lines of busi-
ness there until 1884 when his
health failed.

In 1908 he was made president of
the National Citizens' Industrial as-
sociation of America and for several
years he attracted wide attention be-
cause of his attacks against labor
unions. He was an ardent support-
er of the "open shop."

Mr. Post's aged father and mother
and one brother reside in Fort
Worth, Texas. His recent illness
was kept from his mother because of
her advanced years and feeble con-
dition.

Post resided in Fort Worth before
moving to Battle Creek, Mich.

The body will be placed aboard a
special car and taken to Los Ange-
les on a train leaving here Sunday
evening. Monday morning the car
will be attached to the train east,
arriving at Battle Creek, Thursday
noon.

fers Double Fracture of Leg.

Saturday afternoon. Mrs. Henry was
taking her son to Woodson as he

denly around and threw both occu-
pants out. Mr. Henry alighting first

Henry had his right leg broken in two
places near the ankle. He was
brought to Our Savior's hospital by
Martin Russel in his automobile. He
was suffering considerable pain last

CORRESPONDENT OF ASSOCIATED PRESS ARRESTED IN MEXICO CITY

Walter C. Whiffen and a Washing-
ton Post Photographer Are Jailed
as Soon as They Arrive From Vera
Cruz.

Vera Cruz, May 9.—Walter C.
Whiffen, correspondent of the Asso-
ciated Press, Sutton, a photograp-
her for the Washington Post, Oliver
M. Hueffer, a correspondent of the
London Express, and another Eng-
lish correspondent of the name of
Rourke, were arrested by the Mexi-
can authorities at Mexico City on
Thursday evening. They had just
arrived from Vera Cruz and the po-
lice were waiting with coaches when
the train drew into the station.

All of them were taken to the jail
under guard and Whiffen and Sut-
ton were held for investigation. The
two Englishmen were released and
the officer who arrested them was
reprimanded.

Whiffen carried only a hand bag,
which happened to contain a copy
of the Mexican Herald. The offi-
cial who searched the bag remarked:
"That kind of English doesn't go
here."

Sutton carried a camera which
was confiscated. He showed a cor-
respondent credentials signed by
Rear-Admiral Badger, but this had
no effect.

Hueffer went at once to the Bra-
zilian minister, who notified the
British minister, Sir Lionel Carden
and also called on the police to re-
lieve the Americans. The police re-
plied that some action would be taken
as soon as the chief of police had in-
vestigated the merits of the case.
Rourke returned to Vera Cruz while
Hueffer remained in Mexico City.

The British consul here has re-
ceived no advice and the Brazilian
consulate closed.

Word reached New York City Sat-
urday night that Walter C. Whiffen
of the Associated Press staff who
was arrested at Mexico City has been
released by the Mexican authorities.

GERMAN GOVERNMENT DENIES REPORTED POLICY

Denial is Made of Intention to Ex-
pell French Residents From Alsace-
Lorraine.

Berlin, May 9.—The German gov-
ernment today issued a denial of the
reports in circulation for several
days that it intended gradually to
expel all French residents from Alsace-
Lorraine.

The reports, it is asserted, eman-
ated from Alsatian members of the
Imperial parliament and from mem-
bers of the Alsatian diet.

The government declares that it has
not adopted any policy of general
expulsion of Frenchmen from the
conquered province but intimates
that the permits of certain undesirable
persons will not be renewed up-
on their expiration. This, however,
it declares, applies only to French
citizens who frequently have been
refused renewal of their permits in
previous years. The utterances of
the government press indicate that
the government means to resort to
expulsion more freely than it has
done if the anti-German agitation of
the French press continues.

ATLANTA, Ga., May 9.—Argu-
ments on the motion to annul the
verdict of guilty returned against
Leo M. Frank for the murder of
Mary Phagan, the factory girl, were
postponed until next Saturday to-
day. Annie Maude Carter, the neg-
ro woman who recently made an
affidavit reflecting on James Con-
ley, the convicted negro accessory,
in the case told Judge Hill today
that she had been sent away from
Atlanta at the direction of William
J. Burns and Dan Lehon, detectives
after making the sworn statement.

Burns and Lehon have been sum-
moned to appear next Tuesday to
show cause why they should not be
adjudged in contempt of court, for
their alleged actions.

several hundred dollars has been in-

CITIZENS PAY LITTLE ATTENTION TO ORDER

TRINIDAD RESIDENTS SURRENDER ARMS TO ARMY OFFICERS SLOWLY

Military Officials Are Greatly Dis-
satisfied With Manner in Which
Disarmament Proclamation is Be-
ing Obedied—Will Give All Parties
One More Chance to Surrender
Voluntarily.

TRINIDAD, Colo., May 9.—United
States military officers were so
dissatisfied today with the manner
in which the disarmament procla-
mation had been obeyed that they
decided to give the strikers, mine
operators and citizens one more
chance to surrender their arms vol-
untarily. Strikers in the Trinidad
district which includes the scene of
the Ludlow tragedy, today surren-
dered seventy two rifles and pistols
to the federal officers. All told 725
arms were received. The deposit-
ories will be kept open tomorrow.

A union newspaper published the
charge that the Colorado Fuel &
Iron company had hidden its machine
guns and a wagon load of arms
and ammunition.

The editors of the paper were re-
primanded for publishing a rumor
that the military authorities consid-
ered absolutely without foundation.
What future methods would be used
to disarm the district would not be
divulged by the army officers but
it was admitted that some plans
had been evolved. No official re-
port was made to Col. Lockett to-
night of the number of guns taken
from mine property. Strikers in-
sisted tonight that at least 500 guns
were in possession of the mine own-
ers and declared the surrender of
any less number would be a breach
of faith on the operators part.

night the United States Battleship

at the Brooklyn navy yard, where
the nation's tribute to the dead will

rine company of the Texas will be
marched in front of the stand and
will fire three volleys. Taps sound-
ed by the bugles will conclude the
ceremony. The caskets will be for-
warded by the naval authorities to
the next kin of the deceased.

SUFFRAGETTES PRESENT PETITIONS TO CONGRESS AFTER PARADE

Several Thousand Women Parade
In Pennsylvania Avenue From
White House to Capitol.

Washington, May 9.—Several
thousand women, from practically
every state in the union and repre-
senting millions of their sisters, this
afternoon paraded in Pennsylvania
avenue from the white house to the
capitol and presenting to members of
congress petitions adopted at meet-
ings all over the country a week ago,
made plain their desire to be given
the right to vote.

Five hundred and thirty one of
the marchers carried these petitions,
one for each member of the senate
and house and asking the adoption of
the "Bristow-Mondell resolution,"
amending the constitution so as to
enfranchise women.

The scene after the parade reach-
ed the east steps of the capitol was
impressive.

Massing themselves on the glass
steps and with several bands play-
ing and a chorus of one hundred girls
at the entrance to the building the
paraders sang "The March of the
Women," by Dr. Ethel Smyth of
England and only heard once before
in this country. Thousands of per-
sons who filled the immense plaza,
witnessed the demonstration.

The bands then struck up "The
Star Spangled Banner" and the 531
petition bearers filed up the steps
into the rotunda of the capitol where
a special committee of congress re-
ceived them.

BELIEVE SPRINGFIELD WOMAN WAS MURDERED BY HUSBAND

SPRINGFIELD, Ill., May 9.—That
Mrs. Earl Smith, 40 years old was
murdered by her husband and her
mutilated body buried in the base-
ment of their home two miles west
of Springfield, is the theory advanced
by the police tonight following the
discovery of Mrs. Smith's body so
buried today. Her head had been
crushed.

In a shallow grave in the cellar the
body had been thrown and covered
with rubbish. A bloodstained plank
was near the grave. The police be-
lieve the murder was committed with
that instrument. Mr. and Mrs. Smith
have been missing since last Sun-
day. Their 14 year old daughter
who has been aiding in the search

MAY BREAKFAST OF WOMAN'S CLUB

DELIGHTFUL GATHERING AT CHRISTIAN CHURCH.

Splendid Addresses Were Heard and Reports Made From the Various Standing Committees.—Election of Officers.

The Annual May breakfast of the members of the Woman's club was held at the Central Christian church Saturday morning at 11 o'clock with a large number of the membership present. Reports were read from the various committees and addresses were made by Mrs. Eugenia Rottger Curry, Mrs. Elizabeth Koch, Miss Katherine Olmsted.

Three circles of the Pastor's Aid society of which Mrs. C. B. Graff is the president had charge of the serving and the circle serving had as their presidents, Mrs. Roy Craig, Mrs. B. C. Skinner and Miss Margaret Curtis. The tables were prettily decorated with spring flowers and a splendid menu was served. The invocation was given by Mrs. H. F. Carriel. The menu consisted of fruit cocktail, chicken croquettes and tomato sauce, escalloped potatoes, asparagus on toast, radishes, pickles, jelly, coffee, strawberry short cake.

Mrs. Curry who had just returned from a meeting of the state board gave a brief report of this meeting, telling of the resolution from Hinds district asking the legislature to provide a home for feeble minded and women and girls too old for the Lincoln school, of Miss Lathrop's efforts to obtain accurate birth registration, yet to be made, of the social hygiene committee plan to give lectures to parents of public health talks at chautauqua meetings and other matters of interest.

Mrs. Koch sketched in a brief and comprehensive manner the subject of the state teachers' insurance and retirement fund, telling how the matter is worked out in Chicago, and Peoria, its object and the general plan which is urged for adoption in Illinois.

Miss Olmsted, the public health nurse, outlined her plan of work and told of one or two instances, which well proved the need of such work in Jacksonville. In fighting tuberculosis the best way is to begin with the children and prevent early infection by improving our school buildings and providing better housing conditions.

Miss Olmsted is keeping a health record for each child in our public schools, which will prove of great value. The best results can only be secured by the co-operation of parents.

??? ARE YOU AWARE IF YOU SHOULD DIE WITHOUT A WILL

That your real estate might be tied up so that none of it could be improved, sold or even advantageously leased, without expensive litigation, until your youngest heir became of age?

That if any part of your estate, real or personal, should descend to an infant or incompetent, it could not be sold or divided without administration or perhaps special legal proceedings?

That even if all your heirs were of age, a partition suit might be necessary to determine the rights of your heirs, that in connection with such suit there might be trials, appeals and retrials, entailing heavy expense, all of which would be paid out of your estate in addition to the fees of the administrator, etc?

That an administrator would have to sell your personal property, that he would have no discretion in the premises, no matter how great the sacrifice?

Who but yourself would be to blame if your estate should be tied up and perhaps litigated?

A will properly drawn will protect your heirs and your estate.

JUSTICE COURTS.

The case of John DePrates vs. the Trades & Labor Assembly, in which the complainant is suing for \$60, was heard in Squire Dyer's court Saturday and was taken under advisement. A decision is expected to be given Monday. It seems that DePrates was employed by the Trades & Labor Assembly last May at a salary of \$60 per month and the trustees contend that this arrangement was made with the understanding that the salary should be reduced if it were found that the cigar stand which DePrates was in charge of did not prove profitable enough. It is said that on November 22 it was decided to reduce the salary \$10 and the complainant was notified. He remonstrated but continued working and when he was given \$50 in payment for a month on December 22, refused to accept it and the suit was the result.

NOBLES OF MYSTIC SHRINE GATHER IN ATLANTA

Lavish Decorations Now Adorn the Southern City—Nearly One Hundred Thousand Sons of the Desert Will Attend Festivities.

Atlanta, Ga., May 9.—With the facades of buildings hidden beneath lavish decorations of the brightest colors, with the scimiter and crescent and other emblems of the east encountering the eye at every turn, with camels stalking through the streets and sidewalks thronged with men wearing the red fez, the downtown section of Atlanta today might reasonably be mistaken for a portion of some Oriental city. The decorations are in honor of the Nobles of the Mystic Shrine and the befezzed visitors are the delegates to the big annual convocation of that well known order.

The big convocation, for the entertainment of which Atlanta has been preparing for many months, will be formally opened tomorrow. For four days the city will be given over to the visitors, who with their families and friends are expected to number 100,000. The regular business sessions will be held Tuesday and Wednesday. Little business is to come before the session beyond the election of a tier of officers, the granting of new temple charters and the selection of a place for next year's meeting.

Exhibition drills and a mammoth street parade will be leading features of the program. Dinners, receptions, automobile rides, an old-time barbecue and grand ball will be included in the entertainment.

The first of the patrols reached the city today. Beginning tomorrow morning all regular and special trains will bring throngs of visitors from every section of the country. Large delegations are reported on their way from Boston, New York, Philadelphia, Baltimore, Toledo, St. Louis, Cincinnati, Detroit, Chicago, San Francisco, Dallas, El Paso, Portland and many other cities.

The Order of the Nobles of the Mystic Shrine of which the present gathering is the fortieth annual session of the imperial council, is an organization for the exercise of charity, the improvement of the mind, and an ally of the fraternity of Freemasonry. While the order is not a regular Masonic body, its membership is composed strictly of Masons who have reached the 32nd degree, Ancient Accepted Scottish Rite, or Knights Templar in good standing.

There are now 133 temples of the order of the Mystic Shrine in the United States, with an aggregate membership of nearly 200,000. The present officers are: Imperial potentate, W. Irwin, Wheeling, W. Va.; imperial chief rabbi, J. P. Stevens, Portland, Me.; imperial high priest and prophet, C. E. Overshire, Minneapolis; imperial treasurer, William S. Brown, Pittsburgh; imperial recorder, Benjamin W. Rowell, Boston.

The order is of oriental origin and very ancient. It is said to have been first instituted by the Mohammedan Kalif Alee, son-in-law of the prophet Mohammed, in the year of the Hegira 25 (A. D. 656), in the city of Mecca, as an inquisition or vigilance committee to dispense justice and executive punishment upon criminals who escape their just deserts through the tardiness of the courts, and also to promote religious toleration among cultured men of all nations.

The order is yet one of the most highly favored among the many secret societies that abound in ornamental countries and gathers around its shrines a select few of the best educated and cultured classes. Its membership in all countries includes Christians, Israelites, Moslems and men in high positions of learning and power.

Among the modern promoters of the principles of the order in Europe one of the most noted was Herr Adam Weishaupt, a professor of law in the University of Ingolstadt in Bavaria, who revived the order in that country in 1776. Its membership exercised a strong influence before and during the French revolution, when they were known as the Humaniti. From the central society at Ingolstadt branches spread out through all Europe during the early part of the nineteenth century. Among the names of Frederick the Great, Mirabeau, a duke of Orleans, many members of royal families, literary, scientific and professional men, including the illustrious Goethe, Spinoza, Kant, Lord Bacon and a long list of others, whose works have tended to enlarge and free the mind from the influence of dogma and prejudice.

The ritual now in use is a translation from the original Arabic, found preserved in the archives of the order at Aleppo, Syria, whence it was taken, in 1860, to England, by Rizk Allah Hassan Effendee, a celebrated Arabian scholar, poet and writer.

TWO AMERICANS KILLED.

San Diego, Cal., May 8.—Two Americans were killed and two seriously wounded while defending the Cinco mine's stamp mill near Guadalupe from an attacking force of federalists, according to a telegram received by H. E. Crawford from British Consul Percy Holmes today. No names were mentioned in the dispatch which stated that fifteen other Americans engaged in mining pursuits near Guadalupe have left for San Diego. The Cinco mines are among the largest in Mexico.

RECOVER BAG OF JEWELS.

Chicago, May 8.—Jewelry valued at \$5,000 in a traveling bag, stolen from Mrs. Margaret Canfield Snow of Ossining, N. Y., while in a railroad depot, today was recovered tonight because the thief not knowing its value had pawned the bag unopened for \$22. Detectives notified of the theft recovered it in a pawn shop where it had not yet been opened.

"THIS IS MY 64TH BIRTHDAY."

Sir Thomas J. Lipton.
Sir Thomas J. Lipton, who is now prominently in the public eye as the challenger for the America cup, was born in Glasgow, May 10, 1850, of Irish parentage. His family were in poor circumstances and the future baronet was obliged to shift for himself at an early age. He spent several years of his early manhood in the United States, where he clerked in a store in Boston and spent some time on a plantation in Carolina. Returning to England he embarked in business for himself, with such success that he became in time one of the foremost merchants of the world. He was knighted in 1898 and created a baronet in 1902. Sir Thomas is an enthusiastic yachtsman. The contests to take place off Sandy Hook the coming summer will be his third attempt to lift the America cup. Congratulations to:

Rear Admiral William P. Porter, U. S. N., retired, 64 years old today.

Prince of the Asturias, heir to the throne of Spain, 7 years old today.

Viscount Bryce of Dechmont, former British ambassador at Washington, 76 years old today.

James Gordon Bennett, proprietor of the New York Herald, 73 years old today.

Job E. Hedges, late Republican candidate for governor of New York, 52 years old today.

Edward G. Barrow, president of the International Baseball league, 46 years old today.

Something to Do.

By WALT MASON.

Oh, ye who complain of the grind, remember these words (which are true): The dearest job one can find is looking for something to do! Sometimes when my work seems a crime, and I'm sorely tempted to sob, I think of the long vanished time when I was out hunting a job. I walked eighty miles every day, and climbed forty thousand stairs, and people would shoo me away, and pelt me with inkstands and chairs. And then, the evening grew dark, I knew naught of comfort and ease; I made me a bed in the park, for supper chewed back from the trees. I looked through the windows at men who tackled their oysters and squabs, and probably grumbled again because they were tired of their jobs. And I was out there in the rain, with nothing to eat but my shoe, and filled with a maddening pain, because I had nothing to do. And now when I'm tempted to raise the grand hailing sign of distress, I think of those sorrowful days, and then I feel better, I guess. I go at my labors again with energy vital and new, and say, as I toll in my den, "thank God, I have something to do!"

FRIENDS IN YEARLY SESSION.

Philadelphia, May 9.—More than 1,000 delegates and visitors who come from many parts of the United States and Canada, assembled in this city today for the opening of the yearly meeting of the Hicksite branch of the Society of Friends. The meeting will continue through next week. The first few days will be given over to organization and devotional services. The principal item of business will be the consideration of the yearly report of the philanthropic committee, which is made up of eight sub-committees on purity, temperance, equal rights, prison reform, proper publications, women and children and colored people. The Hicksites take an active interest in endeavors to suppress the tobacco habit. They also engage prominent speakers to lecture on the evils of intemperance. The committee on equal rights also employs lecturers, distributes literature, and seeks to influence legislation.

WOMAN'S COLLEGE NOTES.

Dr. and Mrs. Barker spent Saturday in St. Louis as the guests of the St. Louis Society of Woman's College alumnae and former students. Mrs. Lambert and Miss Mothershead spent Saturday in Springfield, the guests of the Springfield Society of alumnae and former students.

Another one of the seniors has just been appointed to an excellent high school position. Miss Hallie Clem has received the appointment of the teacher of Latin and German in Virginia, a place made vacant by the resignation of Esther Asplund. Miss Florence Haller has been appointed to the position of domestic art in the Michigan City, Ind., high school.

May day will be observed Monday at 5 o'clock. This year the arrangements have been entirely in the hands of the students and it is expected that an unusually good program will be presented. Owing to the extreme danger of accidents all vehicles, including automobiles, will be kept off the college grounds at this time. Several accidents were narrowly averted last year, hence, the necessity for this ruling. A great many of out of town visitors are expected for this event. Announcement regarding the May day may be found in the regular advertisements in another column.

BIDS WILL BE RECEIVED.

The board of education offers for sale and desires bids on the following equipment which has been used in the manual training department of the high school. Bids will be received until 12 o'clock noon, May 20th and the council reserves the right to reject any or all bids.

TROUT FISHING IN THE NORTH.

Fort William, Ont., May 9.—Trout fishing will open in all the trout country in dead earnest next week, from the Canadian head of the lakes to the height of land at the far westerly limits of New Ontario. Disciples of Walton whose specialty is the speckled beauty will trek into the north woods by hundreds during the next few days and scatter to the myriad ice cold mountain streams of Thunder Bay district. The territory is so vast and the trout streams so many that the heavy toll taken each year has no noticeable effect on the supply. An unexplained circumstance is that identical streams west of the height of land do not and never were known to contain trout.

We Keep Your Suit New!

The man who does not have his clothes dry cleaned and pressed frequently, does not get the full wear out of them.

Long before the clothes are worn out the lapels droop over, the coat front breaks, the sleeves wrinkle and pull out at the elbow, the trousers become baggy and lose their shape at the bottom, and the entire suit looks old and disreputable.

Our service keeps them clean and fresh, keeps them shaped right and fitting perfectly until they wear out. It's not only an aid to good dressing—but a real economy, as well.

Take advantage of it frequently.

WILL RETAIN FRANCHISE.
Danville, Ill., May 9.—Danville will retain the Three-Eye league franchise which threatened to be taken over by Rock Island owing to apparent lack of interest here during the opening games. Local fans today completed raising a fund of \$2,000 to guarantee the owners against loss this season. It is believed interest will increase as the season advances and the clubs round into league form.

SOME OFF-SIDE CHUTES.

Four of the American league teams on Friday out-bushed the Federals in the "art" of staging bush league baseball. In the struggle between the Senators and the Athletics, which ended in a ten inning draw, Connie Mack's champions committed six blunders, while Griffith's prides were piling up a total of five. The Macks made fifteen hits in forty-one times at bat. The Senators faced the gun four times for eight binges. Philadelphia used three "heavers" and Washington four, including Walter Johnson, who was touched for seven of the fifteen hits in three innings. The latter passed three and winged one. At Chicago, in the game between the Sox and the Tigers there were nine bobbles, five by Jennings' men and four by the tribe of Callahan. Detroit in forty-two times at bat clouted Benz, Scott and Wolfgang for a total of eighteen nits. The Sox in thirty-three times up, gathered eight hits off Dubuc, who went the entire distance for Detroit. Both teams ran wild on the paths, the Tigers stealing five bases and the Sox four. Detroit won out in the ninth, sending three runs over the pan for a total of 19 to 8 for the Sox.

The "grandest old man of baseball," Honus Wagner, continues to dazzle fandom by his fielding, and heavy cannonading. The many admirers of the Pennsylvania fish and game warden are hoping that he and his corsair partners will continue the scorching pace to the end of the present season at least. Pittsburgh is in a fair way to cop the National league pennant, because at bell-tap the dopesmiths placed them nowhere in the running.

Jack Coombs, who has been out of the game since 1911, owing to injuries to his spine, will get into training with the Athletics next week, preparatory to taking his turn in the box. He underwent a thorough examination in Philadelphia Friday, when his physicians passed him the pleasing information that he would be in condition to get into play within six or eight weeks. He will start off with light exercise tomorrow by assisting in the work of coaching a string of young twirlers. Jack and Connie Mack, too, are to be congratulated upon the great pitcher's good luck, and the wish is general that the old mainstay of the world beaters has left in him many years of good baseball.

Chicago is to have a motor speedway, and the Windy City promoters expect that the shining shekels of Gen. Public will flow into the box office to assist in increasing the size of their bank rolls. And these same promoters are so much in love with old Gen. Public that they are negotiating with a London engineer to design and construct their death-dealing contraption. Fine business, with the United States running over with the talent of an army of Goethals, Fosters and other engineering skill—the very best in the world.

Hannis Kolehmainen, the greatest distance runner of all time, has been rejected by the surgeons of a New York fraternal order of which he was desirous of becoming a member, because of a weak heart. Had the surgeons examined his underpinning, the Finn would have passed in a gallop.

British professional golfers, unless the date is set back, will not participate in our national open tournament at Midlothian next August. "That month," say the Britons, "is too bloomin' hot, doncheryknow."

Out 'Frisco way some jealous rivals are attempting to deprive Edward Beeson of his world's high jump record, made last Saturday, when he negotiated the vault at 6 feet 7.5-16 inches. It is claimed that when he went over the bar the seat of his knickerbockers "greased" the cross bar. Oh, mamma; also, piffle!

Ray Schalk's two errors are accused for the downfall of the Sox on Friday. During the past two weeks the great little backstop has contributed to several of the Sox defeats. It is little wonder that these things are happening to the Litchfield Mergenthaler expert. He is the worst bungled-up piece of baseball flesh in the game. He has withstood a terrific cannonading this spring and is due for a much needed rest.

Dee Walsh, ex-Brownie, has changed his mind about flopping into the Federal camp. John Gangel's winning ways convinced him that Rochester was just about his size.

Eddie Lennox had a bad day of it Friday with his Pitts against Mordca Brown's Gloufeds—he was unable to hit out more than one home run. Mr. Murphy, is Eddie "going back?"

The Feds are "getting onto" Ted Easterly and are beginning to steal bases on him with ease. But the ex-Nap, ex-Sox continues to make life miserable for opposing pitchers.

The Chifed's rookies who were idle Friday, journey to the South Side in Chicago to watch Ty Cobb and to learn how he uses his spikes when in the act of committing a burglary.

In some quarters the fans are panning John Kinley Tener, because, they claim, he has not enough of the fighting spirit to make a successful president of the National league. Tener has not yet taken active command of the league, and will not until his term as governor of the Keystone state expires next January. After that date his critics will learn that this Dublin Irishman is as full of "fight" as any "harp" who ever

embarked from Queenstown harbor.

Hank O'Day has arrived at the conclusion that what the Cubs lack is pepper (?) and in order to instill some of the hot stuff into the bruins he will replace Walter Keating at short with Red Corriden. The Logansport machinist has an abundance of pep, and if that is all that is lacking in the Cub line-up, they should win in a gallop—maybe!

MEMORIAL TO WOMEN

OF CONFEDERACY.
Raleigh, N. C., May 9.—Throughout the states of North and South Carolina tomorrow will be observed as Memorial day. In all the cemeteries the graves of the confederate dead will be decorated and in all the cities and towns the day will be observed with appropriate ceremonies.

In this city there has been erected on the capitol grounds ready for unveiling a magnificent monument to the women of the confederacy. The monument was designed by Augustus Lukeman, the New York sculptor, and is a gift to the state from the late Col. Ashley Horne of Clayton, in memory of his mother, who sent six sons to Lee's army, three of whom were killed.

SCHOOL FOR DEAF DEFEATS
STATE HOSPITAL TEAM SATURDAY

Tigers Ran Away With Game in the Ninth When Whole Team "Bats Around"—Friday Pitches Good Game.

The teams of the Schol for the Deaf and the Illinois State Hospital met for the second time this season on the grounds of the latter and for the second time the deaf boys were returned winners. The hospital team used three pitchers in their endeavors to stay the heavy hitting Tigers but the latter had their eyes on the ball and were not to be denied. Friday pitched the entire game for the Tigers and was also the hitting star for his team, one of his wallops going for a home run. Prettyman was slightly hurt and forced to retire in favor of Miller who caught a good game and also hit well. Vedder was the best of the Hospital hitters. He also played a star game behind the bat. The Tigers showed the good effects of their hard practice the past week with the I. C. team. They hope to have a game with Rount College in the near future. The Hospital bunch were unable to fathom Fri-

day's delivery except in the fourth inning and some bad blunders by the Tiger fielders helped them in accumulating four runs. The Tigers ran away with the game in the eighth and ninth when the whole team "batted around." Dolbow, a recruit with the Tigers made a good impression. Manager Burns went to the coaching lines and spurred his boys up.

Putting on the Fat

Out on my farm I am giving a practical demonstration of what can be accomplished with the Wood's Grain Softener.

There are 43 cattle in the bunch. Each steer is getting a peck of corn daily. It is ground, cob and all and then cooked. In addition to the corn, each steer gets about nine pounds of clover hay a day and straw is near them all the time. A man with long experience, who has been watching these cattle, says they are putting on three to four pounds a day. They are sure making good money and the reason is that corn prepared in my cooker has far more nutriment value than fed in the ordinary way. Come and see these cattle.

ILLINOIS SUCCESSFUL IN THREE CONTESTS

WIN TRACK MEET, GOLF MATCH
AND BALL GAME FROM WISCONSIN.

State University Team Wins on Diamond by 2 to 1 Score; on Track and Field 76% to 49% and Takes Golf Match 5 to 3—Other Collegiate Results.

Madison, Wis., May 9.—University of Illinois athletes today were successful in three contests with the University of Wisconsin. The visitors won the track meet 76% to 49%, took the golf match 5 to 3 and the ball game 2 to 1. There were many close finishes in the track events, Illinois proving strongest on the cinder path and Wisconsin winning most of the field sports. Injuries kept several probable point winners off both squads out of the meet.

On the diamond Illinois scored the winning run in the eighth. The score: R. H. E. Illinois . . . 100-000 010—2 7 2 Wisconsin . . . 010-000 000—1 5 3 Batteries—Gunkle and Bradley; Neuschwander and Rule.

The Track Meet. Illinois runners took six firsts on the cinders, while Wisconsin took firsts in the hammer throw, shot put, discus and mile run. No records were broken.

The one mile run proved the sensation of the meet, with Harvey of Wisconsin nosing out Wright, Illinois, within five feet of the tape. Martin Delaney of the Chicago Athletic association officiated as starter.

Summary. One hundred yard dash—Hohman, Illinois, first; Hammet, Illinois, second; Knudsen, Wisconsin, third. Time: 10 1-5 seconds.

Yale Wins From Princeton New Haven, May 9.—Yale won the annual track meet with Princeton on Yale field today with unexpected ease 87 2-5 to 16 3-5 points. The blue athletes literally swept the track and field, capturing twelve first places, while the Orange and Black placed only one. Princeton was weak in the field, getting only one and three fifths of a point in the entire five events.

The Blue captured every point in the hammer throw, broad jump, high jump, 220 yard hurdles and 100 yard dash.

One of the surprises of the meet was the one mile run which was won by McKenzie of Princeton. Poucher, who last week broke the Yale record in the event, was generally counted upon to win but he made a poor start and was unable to overcome McKenzie's lead.

Cornell Wins From Harvard. Ithaca, N. Y., May 9.—One of the greatest track victories that a Cornell team has ever achieved on Percy Field was witnessed this afternoon when Coach Moakley's men decisively triumphed over Harvard by a score of 75 2-5 to 41 3-5. Cornell won eight firsts while the Crimson took four. Three Cornell men and two Harvard men tied for first place in high jump at five feet 8 1-2 inches and divided the points.

You Can Please Some of the People All of the Time, But You Can't Please Some of the People Any of the Time—The Chamber of Commerce is Doing the Best it can to Please All of the People All the Time.

No man in Jacksonville, no matter how clever he might be, could manipulate figures so as to compute the results of the meeting of Tuesday evening, attended by over two hundred of Jacksonville's most prominent business men. It was only right that they will continue talking about it for it should mean more harmonious feeling between us all.

These men fighting and scheming and boasting together with the kind of team work displayed by the D. O. K. K. drill team would accomplish wonders in our fair city. Quite a number of new members were added to the organization as one of the results and with increased rivalry between the members of the various committees still others can be induced to come in.

The Meaning of Interurbans. It is well understood that interurbans helped to build up the cities of Indianapolis and Columbus; it is further conceded that they have been the means of helping to locate many industries in cities in northern and central Illinois, Indiana and Ohio; it is better known what the Illinois Traction Company has done and is doing for Peoria, Springfield, Decatur and Champaign. The citizens of Jacksonville should be eager to have an interurban come this way, for then it would be sure to go the other way and tap the best of Jacksonville's trade territory which lies southwest of the city.

Folders Sent Out. Two hundred and fifty of Jacksonville's advertising booklets have been sent to officials of the Wabash railroad for distribution in the New England states and states of the Central West. These folders are convenient of size and can easily be placed in railroad time table racks. The reader of each will know something about the advantages of Jacksonville.

Report of Clean-up Committee. With the publication of the Clean Up committee's report, citizens may have forgotten some of the work which they did this year, nevertheless, the committee has not forgotten that a deficit is staring them in the face.

Jacksonville did better than Decatur in that they pushed the proposition through. As stated before the city administration has not the funds to pay the bill and the responsibility rests with the committee which worked for cleaning up Jacksonville. It cannot be expected that much money will come from those, who in many instances have received the benefit of having their rubbish hauled away. As usual it will necessitate the rallying of our public spirited citizens to help pay the teamsters who did the hauling.

The day after Mr. McKinley, president of the Illinois Traction Company was in the city two traction men, one representing Omaha financial interests and the other gentleman from Chicago spent the greater part of a half a day getting facts about Jacksonville from the officials of the Chamber of Commerce. The interurban proposition seems to be a live question with us again.

Clinton, Iowa News. The live city of Clinton, Iowa, has not only recently completed a magnificent new home for its commercial club in combination with a large coliseum, but it has gone into the sprinkling business. The business men have purchased a sprinkling car at the cost of \$3,637, to be operated by waste water condensed from three private manufacturing companies.

Retain Merchants Convention. Under the direction of Mr. T. M. Tomlinson, the various committees of Retail Merchants department, who will have charge of the enter-

taining of the State Retail Merchants Association, which convenes in Jacksonville next month have been busy during the past week. There are expected at this convention many retailers engaged in all lines of business. If Jacksonville entertains them as well as she did the T. P. A. convention a good advertising will it be.

Directors Meeting. This regular monthly meeting of the Board of Directors will be held Tuesday evening, May 12th at 7:30 o'clock in the Chamber of Commerce rooms. Reports by the chairmen of the different committees will tell what they have been doing the past month. Any member who is interested in what the officers of the organization are endeavoring to do, will be gladly welcomed to this meeting.

RESOLUTIONS ADOPTED FOR MRS. JES. L. CAPPS

A committee from the Hospital Aid society has prepared the following resolutions to the memory of Mrs. Joseph L. Capps, one of the organizers of the society:

"Whereas, Death has invaded our circle, removing one of our earliest and most valued workers; therefore, "Resolved, that in the passing of Mrs. Joseph L. Capps, Passavant Hospital Aid society has met with a distinct and serious loss.

"Resolved, that we place on record our high appreciation of her life and influence and especially of her sympathy with suffering humanity.

"Resolved, that her practical ability and her fine recognition of expediency and opportunity made her a valuable counselor, especially in the early history of our society; that her spirit of unassuming simplicity, her kindness of heart, her tenderness towards suffering and her unselfish devotion to its relief have made our memories of her something which will be inspiring and long cherished.

"Resolved, that we recognize the impress of a fruitful life upon those who are left to carry forward the work which she began, and that we will endeavor to promote the ideals of which she dreamed and the purposes for which she strove.

"Resolved, that while our conception of the larger life upon which she has entered recognizes that "rest" which is promised to those who love the Lord it embraces ministry also—and that thus, the most beautiful characteristic of that life, so recently ended, now finds its culmination there where the redeemed of the Lord "serve Him day and night in His Temple."

"Mrs. Kate Hicks Hollinger, "Mrs. Hattie Doying, "Mrs. Martha Capps Oliver."

MEXICAN WAR OFFICER IS BURIED IN CITY

REMAINS OF COL. HARDIN REST
IN JACKSONVILLE CEMETERY.

Soldier Was An Active Force in the
Political Life of His Day.—House
Stood on Present Site of Passav-
ant Hospital.—Fell in Battle of
Buena Vista.

Talk of a possible war with Mexico, which has receded somewhat since the "A. B. C." mediators started their efforts to settle the dispute by arbitration, naturally brings one back to the first armed conflict between the United States and the Southern Republic when General Taylor led his victorious army into Mexico City.

As in other wars in which this country has been concerned, Illinois furnished her quota of men and not a few went from Jacksonville. Possibly this city's most distinguished participant in that long ago Mexican struggle was Col. John J. Hardin, who fell while leading his men at the battle of Buena Vista on February 23, 1847, and whose remains were brought back to his home city and laid to rest in Jacksonville cemetery.

A beautiful monument marks the place where all that is mortal of the gallant soldier slumbers. Although a native of Kentucky, Col. Hardin spent his active life in Jacksonville and resided in a beautiful and substantial house—for that period—which stood on the present site of Passavant Memorial Hospital. The residence was one of the landmarks of Jacksonville and was built by the late W. H. Jordan, and during Mr. Jordan's ownership the house was the scene of many religious meetings. At that time there were only a few buildings here and the only public structure was a log schoolhouse on East College street, now the site of the Lutheran school building. There the Methodists, Presbyterians and Baptists held their services and frequently when the school house was occupied and some other denomination wished to have a meeting the Jordan home-stand was freely opened. When purchased from Mr. Jordan by the Hardins, the house was only a modest one story structure, but they had erected a two story addition on the south side and later a portico was built.

Moses Describes The Man.
Col. Hardin, an able lawyer, was an active force in the political life of his day. He is probably best described in "Illinois-Historical and Statistical" by John Moses, who was personally acquainted with the soldier. In his book Mr. Moses says: "Col. Hardin was the son of Martin D. Hardin, a distinguished soldier and statesman of Kentucky, in which state he was born, at Frankfort, on January 6, 1810. He was educated at Transylvania University and removed to Jacksonville in 1830 where he entered upon a successful practice of the law. He was a member of the 10, 11 and 12th general assemblies and represented the Springfield district in the twenty-eighth congress, 1843-45. He was the leading Whig of his state at the time of his death and no man had brighter prospects before him than he. He was warm-hearted, public spirited, popular in his manners, an able lawyer, a speaker of rare power and a Christian gentleman."

John J. Hardin, eldest child of Martin D. and Elizabeth Hardin, was born January 6, 1810, at Frankfort, Ky. His father, a distinguished lawyer of Kentucky, died October 8, 1823, and upon his mother, as the sole executrix of the will until John J. should become 21 years of age, devolved the care of the family and management of the estate. The latter was so embarrassed by security debts, amounting to nearly \$50,000, that Henry Clay and other friends of the family advised her to surrender it to the creditors and free herself from the perplexities connected with its settlement. Of firm and resolute purpose, and with a will to discharge any liability of her deceased husband, and educate her children, she said: "Gentlemen, give me time and I will pay all." Time was granted, and applying herself to the task she managed the estate with so much discretion and ability, that she paid all of the liabilities against it, supported and educated her children, and provided for their advancement in life.

Studied Law Under Boyle.
John, who early manifested that determined purpose and energy of character which was impressed upon him by the example of his mother, received a liberal education and was used to the law, under the late Chief Justice Boyle. The Chief Justice resided about five miles from Harrodsburg Springs, and employed a portion of his leisure time in the instruction of a few law students who boarded in the families in the neighborhood and who repaired weekly to his library for examination.

In 1829 John J. Hardin boarded in the family of Mrs. Smith, whose daughter, Sarah, he afterwards married. Judge William Brown, of Jacksonville, studied law with the Chief Justice at the same time and became the warm friend of Hardin for life.

Hardin's professional studies completed, his active temperament led him at once to seek out a theatre upon which to act his part in the drama of life.

He explored Illinois, and, captivated with its beauty, settled in Jacksonville in 1829. In January following he returned to Kentucky and was married. Possessing a correct judgment of human nature, an ardent temperament, uncommon tact, energy, perseverance, he made his mark wherever he moved, and soon stood in the front rank of his profession. As an advocate, notwithstanding an occasional hesitancy of speech, he was always heard with attention. He selected the

strong points of his case with discretion and sustained them with great force of argument.

At times his strong passions and sympathies were stirred up and he became persuasive and eloquent. A plain, blunt man when his indignation was aroused, woe to the man who, either before the jury or the people, felt the heavy stroke of his "great axe orator."

In 1832 he was appointed State's Attorney for this circuit and for years discharged the duties of the office with faithfulness to the public interests.

At the session of 1839 O. H. Browning of Adams, and William Thomas of Morgan, of the Senate, and John J. Hardin of the House of Representatives, procured the enactment of a law founding the Deaf and Dumb Institute, in Jacksonville. In time the Insane Asylum and Institution for the Blind were also located here.

Social in habits, warm hearted and free in his intercourse with people, bold and fearless in the promulgation and advocacy of his political opinions, and withal public spirited, he soon became a leader in politics. In 1836, 1838 and 1840 he was returned as a member of the House of Representatives of the General Assembly, from Morgan county. In 1843 he was chosen to represent this district in Congress, which he did with honesty, vigor and patriotism.

Was Major General of Militia.
Possessing a taste for military life, Col. Hardin passed from one grade to another in the militia until he was appointed to the high office of Major General. He participated with honor in the Black Hawk war, and was selected by Gov. Thomas Ford as a man eminently to be relied upon in the settlement of the Mormon disturbance in Hancock county.

In 1847 the United States entered into war with Mexico, without deciding the question of the justice or the injustice of that conflict. Thousands differed with the government, yet when the call was made for volunteers, John J. Hardin, then Major General of the Illinois Militia, was the first to appeal to his fellow citizens to rally around the national flag. His appeal was promptly responded to, and General Hardin was elected Colonel of the First Regiment of Illinois Volunteers. In training his undisciplined troops, in providing for their wants, in cheering them on the march, in watching over them in camp, he discharged successfully the duties of his arduous command.

On February 21, 1847 General Taylor, who commanded the United States Army in Mexico, being satisfied that the Mexicans under Santa Anna, were upon the forward march, broke up his camp at Agua and fell back to the strong mountain pass, a little in front of Buena Vista. The road at this point becomes a narrow defile, the valley on its right being rendered quite impracticable for artillery by a succession of rugged ridges, extending far back towards the mountains which bound the valleys. The features of the ground were such as to nearly paralyze the artillery and cavalry of the enemy, while its infantry would not derive all the advantage of its numerical superiority. In this well-selected position, General Taylor, at the head of 5,000 effective men, chiefly volunteers, prepared to receive the enemy—22,000 strong, and composed of the flower of the Mexican nation. In the order of battle Capt. Washington and battery was posted to command the road, while the First and Second Illinois Regiments, under Col. Hardin and Bissell, and the Second Kentucky, under Col. McKee, occupied the crest of the ridges on the left and in the rear. At 11 o'clock on the 22, the American army was summoned to surrender at discretion, and the usual defiance returned. The battle of Buena Vista began in earnest on the morning of February 23, and continued all day. Towards evening the enemy was driven from the field, but not without great loss of life—264 killed, 450 wounded and 26 missing on the American side; and the Mexican loss was estimated at 2,000 men killed and wounded. In his official report of the battle, the commanding general, remarked: "In the last conflict we had the misfortune to sustain a very heavy loss—Col. Hardin, First Illinois; Col. McKee and Lieut. Col. Clay, second Kentucky regiments, fell while gallantly leading their commands" and continuing he said, "No loss falls more heavily on the army than that of Col. Hardin."

Col. Hardin was the father of three children: Ellen, widow of M. T. Walworth of Saratoga, N. Y.; Gen. Martin D. Hardin, lawyer of Chicago who lost his arm in defense of his country in the Civil War; and Lemuel Smith Hardin, who lost an arm in the Southern army and resides in Kentucky.

LACK OF FRESH AIR

Causes Run Down Condition—How To Keep Strong.

Statistics prove that the death rate is very much greater in the winter months than in summer, and that the lack of fresh air is largely responsible for this condition.

If the system becomes run-down, blood thin and watery, circulation poor; no appetite, don't dose with drugs, but take our delicious cod liver and iron tonic Vinol, not a patent medicine, as everything in it is named on every package and if it does not give you a hearty appetite, enrich the blood and create strength, we will return your money; that shows our faith in Vinol.

A case has just come to our attention from Knoxville, Tenn. Miss Carrie King says: "For three years I was all run down, weak, had no appetite and after all that time I am glad to say Vinol has brought back my health and strength."

Try a bottle of Vinol, on our guarantee. L. P. Alcott, druggist, Jacksonville, Ill.

A RELIABLE AND SAFE MEDICINE
FOR COUGHS AND COLDS.
FOLEY'S HONEY AND TAR
COMPOUND.

The makers of this great medicine want every family, and every individual, who is subject to a cough or cold, to know that Foley's Honey and Tar Compound is a superior high grade medicine, containing only pure healing, demulcent and remedial agents, and that is why more bottles of it are sold today than of any other similar preparation. We want you to use Foley's Honey and Tar Compound in preference to any other cough medicine, because it is not only the best you can buy but it is also the cheapest; for it relieves distress so promptly and benefits so quickly that a less amount is needed than of any other cough medicine and the last dose is as good as the first. It does not contain any opiates, that only stifle a cough, but it soothes and heals inflamed surfaces. Try it for coughs, colds, croup, whooping cough, bronchial coughs, asthmatic coughs, hoarseness and tickling throat. In 25c-50c and \$1.00 bottles everywhere. For sale by City Drug Co., and J. A. Obermeyer.

"RUNOFF" FOR ALABAMA GOVERNORSHIP.

Montgomery, Ala., May 9.—With a primary and election scheduled for the same day next Monday promises to be a busy day for the voters of Alabama. The primary is to determine the nominations in which the results were not decisive at the primary last month. Interest centers chiefly in the contest for the nomination for governor between B. B. Comer and Charles Henderson. In the first primary Comer's plurality over Henderson was not sufficient for nomination. At the election a United States senator to fill out the unexpired term of the late Senator

Joseph F. Johnston and a representative in congress to complete the term of the late Representative Richardson of the Eighth district is to be selected. The election is purely perfunctory, since the nomination on the Democratic ticket of Capt. Frank S. White of Birmingham for senator and Col. C. C. Harris of Decatur for representative assures their election.

FUNERAL NOTICE.

Funeral services for George Corcoran will be held at the Reynolds undertaking establishment this afternoon at 2:30 o'clock. Interment will be made in Jacksonville cemetery.

STOCK MARKET IMPROVES
AFTER A BAD START

Market Develops Unexpected Strength Although Indications Favor Another Decline.

New York, May 9.—After a bad start today the stock market made steady improvement. Indications favored another decline but the market developed unexpected strength. Last prices were fractionally over yesterday's close with manifestations of real strength in a few issues, including Reading and Chesapeake & Ohio. Traders were bearish before the opening. The overnight news concerning Mexican affairs was disquieting. Prices of American stocks in London were lower. The Missouri Pacific problem was complicated by the decision of Kuhn, Loeb & Co. not to finance the company's needs at this time.

Yesterday's sharp decline had unsettled confidence in the underlying strength of the market. United States steel monthly tonnage reflected the continued slowness of steel trade conditions but the decrease of 376,000 tons was not larger than had been predicted. Missouri Pacific broke nearly two points lower on sales of 3,000 shares at the opening today but later recovered.

The expected gain in cash, amounting to nearly \$7,500,000 was shown in the bank statement. An announcement that \$1,000,000 more gold had been engaged for Paris had little effect.

ADVERSE CROP CONDITION IN
EUROPE GIVEN TO WHEAT BULLS

Bulls Have Advantage in Wheat Market During Entire Session—Little Change in Corn and Oats.

Chicago, May 9.—Adverse crop conditions in Europe from the Atlantic to the Black Sea more than counter-balanced today the effect of the great wheat harvest which is looked for in the United States. The market closed steady at a gain of a shade to 1/4c net. Corn finished 1/4c off to 1/2c up, oats unchanged to a sixteenth lower and provisions virtually the same as last night. Bulls had the advantage in wheat from the start until the last tap of the bell. St. Louis sent word that the store there was the scantiness over known at this time of the year. There were also a few scattering reports of deterioration in a small area along the Missouri-Illinois boundary but elsewhere the reports indicated a yield described by one expert as equal to all that the soil can produce.

Although Argentine storms made corn advance a little the market afterward weakened. Country offerings here increased and larger receipts are expected soon. Planting in Illinois is expected to be complete by the end of the week. Trading in oats was mainly local and the price almost at a dead center. Provisions ruled barely steady. Shorts were about the only buyers.

NEWS FORECAST FOR THE COMING WEEK.

Washington, May 9.—The \$50,000 bronze statue erected in Franklin park in the memory of Commodore John Barry, one of the early heroes of the United States navy, is to be unveiled Saturday with elaborate exercises. Commodore Barry was a native of Ireland and the unveiling of his statue is to be attended by delegations representing Irish societies in all parts of the country. Saturday is the day set for arguments to be heard in the United States circuit court of appeals at Chicago on a petition of the government for a rehearing of the appeals of Olaf A. Tveitmo, Richard H. Houlman and William Bernhard, three of the labor leaders who were convicted in the dynamite conspiracy trials in Indianapolis. A general primary is to be held in Oregon Friday for the nomination of candidates of all parties for United States senator and state and county officials to be voted for at the next election. Fifteen candidates are contesting for the nomination for governor. United States Senator George E. Chamberlain will be re-nominated without opposition by the Democratic party. His opponent at the election will be R. A. Bort, Republican, and William H. Roring, Progressive.

The second primary in Alabama to determine the Democratic candidate for governor will take place Monday. Those in the run-off will be B. B. Comer and Charles Henderson, who ran first and second, respectively, in the first primary in April. Nomination in Monday's primary will be equivalent to election. The racing sloop Defiance, one of the trio of candidates for the defense of the America cup in the international races to be held next summer, is scheduled to be launched Monday afternoon at Bath, Me. The Defiance is being built by a syndicate of Boston, New York and Philadelphia men.

The Hamburg-American line steamship Vanderland is to depart from Hamburg on Thursday on her initial trip to New York. The coming of the Vanderland is awaited with interest as she will be the largest steamship that ever entered the port of New York.

The end of the week will see the opening in Norway of the elaborate celebrations arranged in honor of the centennial anniversary of the independence of that country from Denmark. The celebrations will also commemorate 100 years of peace on the Scandinavian peninsula. The festivities will continue through the entire summer. The most prominent feature will be an international exhibition, which is to be opened in Christiania Friday by King Haakon. The Norwegian centennial also is to be celebrated in Minnesota, Iowa, Utah, Nebraska, the Dakotas and other states having a large Scandinavian population. In Minneapolis a great three day celebration will be inaugurated Saturday.

Among the large conventions of the week will be the annual session of the imperial council of the Order of the Mystical Shrine, in Atlanta; the Southern Baptist convention, in Nashville; the triennial meeting of the general synod of the Reformed church, in Lancaster, Pa.; and the annual convention of the National Association of Wholesale Liquor Dealers, in Washington, D. C.

CAMPAIGN NEARS END.

Harrisburg, Pa., May 8.—Pennsylvania's campaign for the nomination of candidates for United States senator, governor and other state officers, members of the judiciary, representatives in congress and members of legislature will enter its final stage next Monday. On Tuesday week the primaries of all parties will be held. With Democrats, Republicans and Progressives to name complete tickets, and the Democrats and Republicans split into rival factions, each of which will endeavor to name the candidates, the campaign has been one of the most exciting that has taken place in Pennsylvania in many years. Senator Boies Penrose is a candidate for re-nomination and has an opponent J. Benjamin Dimmick of Scranton, the choice of the anti-Penrose faction of the Republican party. Gifford Pinchot will be named for senator by the Progressives and Congressman A. Mitchell Palmer is assured of the Democratic nomination for the senatorship.

LAUNCHING OF DEFENSE.

Bath, Me., May 9.—The racing sloop Defiance, a candidate for the defense of the America cup, is to be launched at 2 o'clock Monday afternoon from the yards of her builders in this city. Three yachts are scheduled to enter the elimination trials to select the cup defender and the Defiance will be the second to take to the water. The first was launched two weeks ago at Bristol, R. I. The Defiance is being built by a syndicate of prominent yachtsmen of Boston, Philadelphia and New York. Members of the syndicate from each of the three cities are expected here to witness the launching. The present plan is to have the Defiance ready for her first trial spin by the middle of this month.

MISSOURI AGAINST FUSION.

Kansas City, May 8.—The state committee of the Progressive party came out flatly here today against fusion with the Republican party in state or national elections. The committee also adopted a resolution favoring the candidacy of Theodore Roosevelt for president in 1916.

The committee also pledged itself to begin a campaign to urge to aid the women of Missouri in their efforts to procure the ballot.

Greek Play By Sophocles Under Auspices of Classical Club Will Be Given on Illinois College Campus May 19.

One of the most interesting and attractive events of the season is the coming production of Sophocles' great drama, the Electra. A unique feature of this performance is the fact that it is to be the combined effort of several of our educational institutions. The Illinois Woman's College, Illinois College, the Conservatory, the College of Music, and the high school, all unite to produce the play with a degree of perfection to which none of them alone could attain. The speaking characters of the play are students of Illinois college; the chorus of Mycenaean maidens is furnished and trained by the Woman's college; the orchestra is composed of the best musicians of both conservatories. The music has been written especially for the play by Miss Carrie Danlap. New costumes have been made and special scenery painted. The choral odes will be sung with orchestral accompaniment.

Great interest is manifested in this play by the members of the institutions concerned, and by a large circle of friends of these schools. The performance, which is under the auspices of the Classical club,

will be given on the Illinois college campus in the grove west of Jones hall, in the late afternoon of Tuesday, May 19th, unless bad weather compels a postponement until Friday, May 22nd. The use of Campbell's English translation and modern orchestral music are a concession to present day conditions; but the arrangement of the outdoor theatre, the costumes, setting, and most of the details of the performance will conform to the original production of the play in ancient Athens over 2400 years ago.

The following leading characters of the play will be represented by students of Illinois college: Electra, Miss Rebecca Scheibel; Orestes, Mr. Henry Caldwell; the Paedagogus, Mr. Edward Bullard; Chrysothemis, Miss Grace McLaughlin; Clytemnestra, Miss Irene Moore; Aegisthus, Mr. Thomas Mangner; Pylades, Mr. Royal Davis.

Every such girl should rely on Lydia E. Pinkham's Vegetable Compound to restore her to a normal healthy condition, then work will be a pleasure. For forty years this famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Why don't you try it—Adv.

MANY SNAKES KILLED.
This spring T. H. Pratt of Joy Prairie had fifty acres which had been in grass five or six years broken and in plowing the men killed fifty snakes. They were principally bull snakes, blue racers and a species of brown snake, the name of which Mr. Pratt didn't know. There were no rattlers among the lot as far as Mr. Pratt knew.

The wholesale destruction of that kind of snakes may be a question which the Journal will not discuss. The bull snake is especially commended as a destroyer of rats and ermin and snakes generally live on small animals and insects but on the other hand they are credited with destroying birds' nests or eating the eggs.

COUNTY BOARD FIXES ROAD FOR STATE AID

FIRST STRETCH IN COUNTY TO BE IMPROVED DESIGNATED.

Will Begin at City Limits on Morton Road and Make Betterments as Far as Fund Will Permit.—Money in Sight For Two Miles of Work.—No Action Until Supreme Court Decision on Tice Law.

The Morgan County Commissioners have designated for the first state aid road in Morgan county a portion of the Morton road extending east from the city limits. The Morton road, as the average citizen probably knows, begins at the city limits about 200 yards of the corner of Hardin and Morton avenues, and thence runs east past Oak Lawn Sanatorium and to Arnold and succeeding stations. This action was taken by the county board at a session held Saturday.

Funds For Two Miles.
The first allotment made to Morgan county from the State Road and bridge fund is \$7156. From the fact that a great many counties in the state did not meet the requirements of the law, or rather take advantage of its provisions there will be a second allotment at no distant day. There is now in the county treasury \$10,000 which was appropriated in accordance with the law and is available whenever work can be undertaken. Based on the experience of road building work there are funds in sight to construct two miles of hard road in Morgan county. This money can not be expended except by direction of the state highway department and the department will probably not commence work on hard roads until the supreme court has passed upon the Tice road law. It is deemed unwise by the state authorities to start to expend \$2,000, 000 or more on hard roads until the validity of the law has been tested.

Part of Highway to Springfield.
Assuming that Morgan county will have sufficient funds to build about two miles of road it seems that the commissioners are acting wisely in determining not to split the fund and build several short pieces of road. The two mile stretch proposed will be long enough to be of considerable definite value and later appropriations can be used for roads in other directions.

Hard road connection between Springfield and Jacksonville has been asked for as soon as possible by several road organizations in Morgan county, by the Jacksonville City Council, the Jacksonville Chamber of Commerce, and in fact this road was favored by every organization in the county, which has considered the matter, as well as by the Greene counties.

The action of the Sangamon county supervisors influenced the Morgan county commissioners in the choice of a route between Jacksonville and Springfield. Last December the Sangamon county supervisors decided to build the hard road west from Springfield on the route following closely the Wabash R. R. through Curran, Bates and New Berlin to the county line just east of Alexander and designated for construction this year a hard road from Springfield along this route.

The County Board of Morgan county after the designation by the Supervisors of Sangamon county had nothing to do but start from Jacksonville on a road which would connect with the Sangamon road and this road is the one leading east from Jacksonville on the Morton road along the line of the Wabash through Arnold, Orleans and Alexander east to the county line.

Passes Through Trading Centers.
This route connects as provided by law all the trading centers between the two cities, is a comparatively level road, the way is direct, has but few small bridges and as it is near the railroad all the way can be built more cheaply than any other road between the two cities.

The state aid road will commence at the city limits. There is a short roadway west of the limits that will have to be paved in order to connect the state aid road with the Hardin avenue pavement. To help pave this road the landowners along the Morton road have raised by subscription \$1285.00 and will raise more if necessary.

This road will be used by as many farmers as any road in the county. It goes through a productive well settled community and is a main thoroughfare east from Jacksonville to several large communities in Morgan county. It is the only route on which there has been a united effort to secure a hard road.

It is a part of the proposed trans-state road from Danville to Quincy which is now designated and when completed will make Jacksonville a radical center for this section of Illinois. It is the route of the Ocean to Ocean highway and connects the Burlington Way with Springfield via Jacksonville and in a few years as hard roads are completed will be a most important highway.

The people of west central Illinois, from Greene, Scott, Pike, Cass, Adams, Brown counties will use this road in going east and west in Illinois and its early completion will be an incentive to these counties to connect with it as soon as possible.

Velocipedes, boys' wagons, coaster wagons, all sizes and styles, at Brady Bros. Prices right too.

The Ingredients Are High Class

In making cakes and pastry for our Delicatessen department, we could use much cheaper materials and still have fairly good results. We have chosen however to make use only of high quality materials and so the Delicatessen pies, cakes, salads, etc. will be found uniformly good.

We believe that the people are appreciating these high quality goods, if judgment can be based on the very liberal patronage given.

BIDS RECEIVED FOR WORK IN MAUVAISTERRE DRAINAGE DISTRICT

Well Known Contractors Anxious to Get the Business—Bids Taken Under Advisement.

Pursuant to the advertisement, the commissioners of the Mauvaisterre Drainage and Levee District met Saturday in the office of the Caldwell Engineering Co., in Scott Block for the purpose of receiving and opening bids for the construction of the ditch in accordance with plans and specifications prepared by the engineers.

There were present John A. Moss, Harry E. Ogilvie, Fletcher J. Blackburn, commissioners, L. O. Vaughn, attorney and H. L. Caldwell, engineer. The following contractors or their representatives made bids:

Chapman Bros., Celina, Ohio, bid 9749 per cubic yard.

Barston & Willard, Peoria, Ill., bid 9825 per cubic yard.

Northern Construction Co., Elkhart, Ind., bid 9830 per cubic yard.

Henry J. Slot, South Bend, Ind., bid 9849 per cubic yard.

Fred M. Crane Co., Omaha, Neb., bid 9880 per cubic yard.

M. J. O'Meara & Son, Cullom, Ill., bid 9897 per cubic yard.

R. H. & G. A. McWilliams, Chicago, Ill., bid 10000 per cubic yard.

After considering the various bids it was decided by the commissioners to hold the awarding of the contract in abeyance for a few days for further consideration. The prices bid on the work are considered low, and it is thought that there may be a satisfactory rebate for the land owners after the work has been completed. The interest shown by those whose land lies within the district to be drained is shown by the fact that a large portion of the funds necessary for the carrying out of the contemplated project has already been placed in the hands of the treasurer.

The ditch will be 5.3 miles in length and it will necessitate the removal of 222,933 cubic yards of earth in its construction.

SOCIAL EVENTS.

Mrs. Margaret Ricks celebrated her 88th birthday on Friday at the residence of her daughter, Mrs. Catherine Klotz where she has made her home for the past 18 years. A few friends gathered there as a sort of surprise party in order to wish Mrs. Ricks many happy returns of the day, and for the entire company the occasion proved one of very great pleasure. Mrs. Ricks also received a large number of birthday cards, some of them from relatives and friends here at home and a still larger number from those in other cities. Although so far advanced in years Mrs. Ricks is remarkably strong in body and mind and is still interested in her family and friends and in the ordinary affairs of life. She is in such good health that there is every reason to believe that she will be spared for years to come and her friends and relatives join in the wish that this may be true.

Saturday was the eighth birthday of Henry John English and in honor of the anniversary he entertained a company of about thirty friends at the English home on West College avenue. The children played a variety of games and afterward enjoyed the refreshments which were especially appropriate for an occasion of the kind. Each child received a dainty souvenir.

Mr. and Mrs. C. C. Capps of 252 Park street entertained a number of friends and relatives Saturday evening at a six o'clock dinner. Among the guests were: Dr. and Mrs. T. J. Pitner, Mr. and Mrs. A. T. Capps, Mr. and Mrs. W. T. Capps, Prof. and Mrs. R. H. Tanner, Mr. and Mrs. M. V. L. Swarthout, Mr. and Mrs. D. M. Swarthout, S. R. Capps, Miss Louise Capps, Mr. and Mrs. W. A. Gore, W. E. Veitch, Presa, and Mrs. C. H. Rammelkamp, Charles P. Gillett, Miss Alma Gillett, Miss Emma Capps and Mrs. Martha Capps Oliver.

Mrs. Harry J. Rice and Miss Florence Rice entertained Saturday for Miss Daisy Coons, who is to be a June bride. A five course luncheon was served at 12:30, a color arrangement of pink and green being carried out in the menu. The table decorations were of pink carnations, ferns and smilax. The guests included twelve of Miss Coons' most intimate friends.

STATE READY TO TRY

THE JOHN HENRY CASE

T. F. Smith Says Prosecution Has No Idea of Asking a Continuance.

T. F. Smith, assistant state's attorney, said yesterday that there was no foundation for the rumored report printed in the Journal Saturday suggesting the possibility that the state might ask for a continuance when the case of John Henry is called for trial.

Mr. Smith said that John Henry will undoubtedly be indicted at the coming session of the grand jury and that the state will be ready for trial. He said in fact that he and assistants have been working on the case now for some time and are ready for the thorough prosecution which any such case demands from the state. Mr. Smith suggested that in such cases the defense quite frequently asks for a continuance and if this was done in this instance that possibly the state would have no disposition to force a trial until the November term. He was emphatic however in the statement that if any continuance is granted or agreed upon that this action will be taken out of deference to the wishes of the attorneys for Mr. Henry.
